

Art – Intermediate 2

OPTIMA ACADEMY ONLINE · FAMILY COURSE OVERVIEW · GRADE 4 · INTERMEDIATE SERIES · FULL YEAR

80 min per week · 2 lessons weekly

About this overview. This document is an example of how the course might be taught. This page is drawn from the Florida course description rather than a built Optima course, so the specific artworks studied, projects, and activities will be set by the teacher and may vary between the live school and On-Demand. Each teacher also leans into their own strengths and passions; the structure, expectations, and time commitment below are representative of the course as designed.

Intermediate 2 continues the upper-elementary art series with a year about meaning and revision. Scholars combine art media with innovative ideas in two- and three-dimensional work, applying materials responsibly to achieve diverse effects and meet established criteria. They learn that real artists revise: artworks are reworked against criteria, ideas are developed from many resources, and observation and art criticism inform every change. Historical and cultural influences on artists come into focus, as do art-making careers and art's role in raising awareness of school and community concerns.

A TYPICAL WEEK

- Two art lessons each week.
- Lessons pair looking and making: scholars study real artworks and influences, then apply them in their own work.
- Revision is part of the rhythm: work is measured against criteria and improved, not just finished.
- Hands-on throughout — this course is built around real art materials, used safely and responsibly.

On-Demand (asynchronous). Scholars move through the course at their own pace, with due dates to keep the year on track. An Optima teacher is available throughout for support, feedback, and grading.

TIME COMMITMENT

80 minutes / week

two lessons a week, about 40 minutes each

- Most weeks pair two lessons of looking, learning, making, and critique.
- Some projects span more than one lesson.

WHAT SCHOLARS NEED

- Art supplies: pencils, crayons or markers, paper, scissors, and glue, plus materials as assigned.
- A computer with reliable internet and access to Canvas.
- A space where making — and a little mess — is okay.

Live school. Live-school scholars take this same course on Optima's VR campus with a teacher and classmates, meeting twice a week as a specials class on the school's weekly schedule.
