OPTIMA ACADEMY ONLINE · FAMILY COURSE OVERVIEW · GRADE 5 · INTERMEDIATE SERIES · FULL YEAR

About this overview. This document is an example of how the course might be taught. This page is drawn from the Florida course description rather than a built Optima course, so the specific artworks studied, projects, and activities will be set by the teacher and may vary between the live school and On-Demand. Each teacher also leans into their own strengths and passions; the structure, expectations, and time commitment below are representative of the course as designed.

Intermediate 3 completes the elementary art series and points toward middle school. Scholars work in two and three dimensions to create visual unity and a personal voice, applying materials responsibly to achieve diverse effects and meet established criteria. Art criticism matures into a real process: scholars form hypotheses about what an artist or designer intended, examine exemplary works to learn what quality looks like, and revise their own work as a necessary part of creating. Traditional and non-traditional uses of media, multiple solutions to artistic problems, art careers, and leadership in collaborative work round out the year.

THE YEAR AT A GLANCE

1 Making Art (all year)

Traditional and non-traditional uses of media with imaginative techniques; craftsmanship that shows refinement of skill over time.

3 Art Criticism (all year)

Forming hypotheses about an artist's intent, studying exemplary works to learn what quality looks like, and revising toward an artistic goal.

5 Art in My World (all year)

Art careers and artists' contributions to society, art for public awareness, leadership in collaborative work, and ethical standards including copyright.

2 The Artist's Eye (all year)

Organizing the elements of art to achieve visual unity and carry out an artistic vision, planned from sketch to finished work.

4 Art Across Cultures and Time (all year)

Comparing works by style, culture, and artist across time; depicting personal, cultural, and historical themes in original work.

A TYPICAL WEEK

- Two art lessons each week.
- Lessons pair looking and making: scholars analyze exemplary works, then carry what they learned into their own.
- Critique and revision are routine: scholars justify their artistic choices and improve work against criteria.
- Hands-on throughout — this course is built around real art materials, used safely and responsibly.

TIME COMMITMENT

80 minutes / week

two lessons a week, about 40 minutes each

- Most weeks pair two lessons of looking, learning, making, and critique.
- Some projects span more than one lesson.

WHAT SCHOLARS NEED

- Art supplies: pencils, crayons or markers, paper, scissors, and glue, plus materials as assigned.
- A computer with reliable internet and access to Canvas.
- A space where making — and a little mess — is okay.

On-Demand (asynchronous). Scholars move through the course at their own pace, with due dates to keep the year on track. An Optima teacher is available throughout for support, feedback, and grading.

Live school. Live-school scholars take this same course on Optima's VR campus with a teacher and classmates, meeting twice a week as a specials class on the school's weekly schedule.
