About this overview. This document is an example of how the course might be taught. More topics, activities, and movement challenges are approved for this course than appear here, so scholars may see some variation in topics, activities, and movement challenges from course to course, and between the live school and On-Demand. Each teacher also leans into their own strengths and passions; the structure, expectations, and time commitment below are representative of the course as designed.

ABOUT THIS COURSE

A full-year elementary PE course built for 5th-graders at home. Scholars build fitness habits, movement skills, teamwork, and sportsmanship through short daily activities they can do in a safe space at home — guided by lesson videos, simple try-it-yourself tasks, and reflection.

A TYPICAL WEEK

- A short lesson page introducing the topic.
- A movement activity scholars try at home.
- A discussion or reflection (and a Flight Club Challenge in some units).
- A short check-for-understanding quiz.

TIME COMMITMENT

150 minutes per week (master schedule)

- Lesson page & video: ~5–10 min/day
- Movement activity at home: ~15–20 min/day
- Reflection or quiz: ~5 min/day

Project and capstone weeks may run longer.

WHAT SCHOLARS NEED

- Optima's VR headset (provided) for VR activities
- A safe space to move at home
- Microsoft 365 / OneDrive account
- Microphone for voice-based work
- Reliable internet

On-Demand vs. Live. On-Demand (asynchronous): self-paced with due dates for pacing; a teacher is available for support, feedback, and grading.
Live school: live-school scholars take the same course in Optima's VR campus with a teacher and classmates (on the school's weekly PE schedule).
