

M/J Fitness – Grade 6

OPTIMA ACADEMY ONLINE · FAMILY COURSE OVERVIEW · GRADE 6 · ONE SEMESTER · PHYSICAL EDUCATION

~4¼ hrs per week · 50 min/day, M–F

About this overview. This document is an example of how the course might be taught. Scholars may see some variation in activities, challenges, and VR experiences from course to course, and between the live school and On-Demand. Each teacher also leans into their own strengths and passions; the structure, expectations, and time commitment below are representative of the course as designed.

M/J Fitness – Grade 6 gives scholars the knowledge and habits of lifelong fitness: what fitness actually is, how to warm up and cool down safely, and how to build strength, endurance, cardiovascular health, and flexibility on purpose rather than by accident. The course pairs health-related fitness with skill-related movement — locomotor skills, throwing and catching, kicking and striking — and grounds it all in nutrition and goal setting. VR and AI-enhanced simulations let scholars practice movement concepts and explore anatomy in ways a traditional classroom cannot, while regular physical activity remains the heart of the course.

THE YEAR AT A GLANCE

1 Foundations of Fitness (Units 1–2)

What physical education is for, plus safe warm-ups and cool-downs — the bookends of every workout.

3 Cardiovascular Fitness (Unit 4)

The heart and lungs at work: aerobic activity, intensity, and monitoring effort.

5 Nutrition (Unit 6)

Fueling the body: how food choices support fitness and health.

2 Muscular Strength & Endurance (Unit 3)

Building and measuring strength and endurance with sound technique.

4 Flexibility & Stretching (Unit 5)

Range of motion, stretching safely, and why flexibility matters for every activity.

6 Movement Skills (Units 7–9)

Locomotor skills, throwing and catching, kicking and striking — the building blocks of games and sports.

A TYPICAL WEEK

- A lesson introducing the week's fitness concept or skill.
- A VR assignment on Optima's VR campus that puts the concept into practice.
- A Flight Club challenge in alternating weeks — active competition that keeps fitness fun.
- Quarterly live VR experiences and office hours connect scholars with their teacher.

TIME COMMITMENT

250 minutes / week

≈ 50 minutes a day, Monday–Friday, for one semester

- Lessons, VR assignments, and physical activity fill the scheduled time.
- Daily movement beyond the assignments is encouraged — fitness is a habit.

WHAT SCHOLARS NEED

- A computer with reliable internet and access to Canvas.
- Access to Optima's VR campus for weekly VR assignments and Flight Club.
- Comfortable clothes, water, and a safe space to move.

Grading at a glance: Assignments 50% · VR Assignment 40% · Flight Club Challenge 10%

On-Demand (asynchronous). Scholars move through the course at their own pace, with due dates to keep the year on track. An Optima teacher is available throughout for support, feedback, and grading.

Live school. Live-school scholars take this same course on Optima's VR campus with a teacher and classmates, when offered live; for 2026–27 M/J Fitness – Grade 6 is listed as an On-Demand course.
