

About this overview. This document is an example of how the course might be taught. Scholars may see some variation in songs, topics, and activities from course to course, and between the live school and On-Demand. Each teacher also leans into their own strengths and passions; the structure, expectations, and time commitment below are representative of the course as designed.

First grade music is one playful, hands-on activity each week. Scholars jam on household and kitchen instruments, draw rhythm patterns with crayons, and sing the classics: "Old McDonald," "Down by the Bay," "Twinkle Twinkle Little Star." Along the way the real ideas arrive through play — beats and note values, dynamics, melody, and careful listening — and a parade of music bingo games keeps ears sharp through the spring. Picture books about music, freeze dancing, seasonal songs, and free-creating weeks round out a year designed to make six-year-olds love making music.

THE YEAR AT A GLANCE

Quarter	What scholars do, week by week
Q1 · Jams & Classic Songs	Household and kitchen instrument jams; crayon rhythm patterns; "Old McDonald" (repetition and memory); the Caterpillar of Beats; whole notes; "Down by the Bay" and "Twinkle Twinkle Little Star"
Q2 · Listening & Seasons	Comparing songs; dynamics; "5 Little Pumpkins"; castle-flag musical patterns; draw-a-rhyme; freeze dance; the toy drum; <i>The Best Sound in the World</i>
Q3 · Music Bingo & Creating	What do you hear?; Melody Blast Off bingo; Dynamic Bingo; nursery-rhyme, civilization, and transportation bingos; a create-freely week
Q4 · Songs & Wonder	"The Little Turtle" and "Busy Bee"; folk music and themed bingos (Earth Day, five senses, Sunshine State); freestyle creating; <i>The Man With the Violin</i> ; a final music exploration

A TYPICAL WEEK

- ▶ One weekly music activity: a **song, game, jam, or listening adventure**
- ▶ Scholars sing, clap, march, play, or mark a bingo board as they listen
- ▶ Many weeks include something to **make or draw**: rhythm patterns, a craft, a picture of a sound
- ▶ A short submission (a photo, recording, or answer) shows the teacher the fun happened

TIME COMMITMENT

80 minutes per week is the school's designated planning figure for this course — two short music times across the week. Most activities are one happy sitting; the jams and bingo games are easy to stretch when scholars don't want to stop.

WHAT SCHOLARS NEED

- ▶ A computer or tablet with **speakers** for songs and listening games
- ▶ Crayons and paper for rhythm drawing
- ▶ Household "instruments": pots, spoons, boxes, shakers
- ▶ Room to dance and freeze

WHY IT WORKS

- ▶ **Repetition is the method:** classic songs return again and again so memory and confidence grow
- ▶ **Listening is a game:** bingo boards turn careful hearing into play
- ▶ **Creating is free:** several weeks simply hand scholars the instruments and say "make something"

NOTES FOR FAMILIES

On-Demand (asynchronous). This course is designed for self-paced study with due dates for pacing. A teacher is available throughout for support, feedback, and grading.

Live school. Scholars enrolled in the live school complete the same course in VR with a teacher and classmates on the school's weekly schedule.
